Castiglione delle Stiviere – Historic Center
In the noble heart of the town that was once the home of the Gonzaga family, just 10 minutes from the Desenzano del Garda motorway exit, we offer for sale an important historic building dating back to 1850, embellished with a private park of approximately 2,700 m², protected by ancient medieval walls.
The property, of notable architectural value and large size, offers generous and spectacular spaces: frescoed halls, grand staircases, reception rooms, and an ancient panoramic tower overlooking the rooftops of the historic center and the domes of the Church of San Luigi and the Duomo.
The main house is spread over two levels: the ground floor contains the kitchen, dining room, living room, and utility rooms; the upper floor features five bedrooms, bathrooms, and an elegant open-plan living room. The lofty attic, with its impressive ceilings, retains its original charm.
A second wing of the Palace houses rooms dedicated to reading, receptions and a study with access to the tower, perfect for a 360-degree view of the historic city.
Two entrances, one pedestrian from Via Marconi and one accessible by vehicle from Piazza San Luigi Gonzaga, ensure separate and private access. The internal courtyard introduces a sense of tranquility and refinement, ideal for both a private residence and exclusive destinations: boutique hotels, showrooms, events, or artist residencies.
Once inhabited by the famous doctor and patriot Giuseppe Nodari, the Palazzo combines history, beauty, and potential in a setting of rare elegance.

Castiglione delle Stiviere is a town of approximately 30,000 inhabitants located on the moraine hills, the famous summer residence of the Gonzaga family. There is considerable historical evidence of the long-standing presence of the patron saint, Saint Aloysius Gonzaga. These places are also the birthplace of the International Red Cross. It was here that Henry Dunant began his journey of caring for the wounded of war, regardless of nationality. Upon his return to Geneva, he decided to write a book about the Battle of Solferino and the humanitarian aid provided by the town's inhabitants. Today, this piece of history can be relived by visiting the important International Red Cross Museum. This municipality is unique, distinctly different from its neighboring towns, and is an exceptional feature within the province of Mantua, both from an urban and historical perspective. Furthermore, these places are of great interest due to their proximity to prestigious golf courses and countless stables and riding stables, as well as the area's excellent food and wine.
