VILLA ISABELLA

In the prestigious area of Montecarlo we present an exclusive sale of a large and bright villa set in a renowned wine context well known in Lucca. The property has about 5 and a half hectares of land supplied: of which about 3.5 hectares of vineyards with the production of excellent DOC wine, about 1.7 hectares of olive grove with about 800 olive trees in production and the remaining land with lawn and woods. Therefore a beautiful property for lovers of good wine and oil to be produced independently given the machinery available. The property is located a few km from the cities of Lucca, Florence, Pisa near the historic center of the village of Montecarlo and a few minutes by car from the main roads and motorways which makes it easily reachable from the main airports and motorway junctions. The real estate complex consists of a spacious villa of about 510 square meters on two floors above ground plus an attic, and is divided into five independent units that can be easily reunited if the intentions were to make a large main residence rather than independent apartments.

The property is developed as follows:

on the ground floor there is an entrance hall, kitchen, a bedroom, a study, two bathrooms and three rooms used as cellars;
the first floor houses 4 apartments with four living rooms with open kitchen, 4 bedrooms and 4 bathrooms and 3 rooms used as attics
on the second floor attic.

In support of the villa, as a pertinence, we have an independent cellar of about 70 square meters on two floors, a floor above ground and a basement, used for wine processing.

The property has all the machinery and tools needed for the production activity and can also be purchased as a farm.

The property includes a large swimming pool with a large main pool, a Jacuzzi area and a pool suitable for children. This area is completed by underground ancillary rooms of approximately 50 m2 used as bathrooms/changing rooms and closet.
