

Estate for Sale in Cortona

€ 8.750.000

Ref. CBI134-2230-291

1.500 sq.m | Bathrooms: 12 | Bedrooms: 8 | Rooms: 60

PROPERTY DESCRIPTION

Nestled within an unspoiled natural landscape on the Tuscany-Umbria border, near Cortona, this utterly unique estate represents the ultimate sanctuary of peace and privacy, guaranteed by nearly 90 hectares of private land, set at approximately 650 metres above sea level.

The estate is an extraordinary architectural masterpiece born from over twenty years of meticulous restoration, undertaken in collaboration between the ownership and internationally renowned British architect John Pawson. Originally composed of a collection of abandoned rural buildings, including a remarkable 12th-century Benedictine monastery, the estate has been transformed into an exclusive retreat through a visionary renovation.

The result is a harmonious dialogue between historic architecture, contemporary design and the surrounding landscape, where natural beauty and refined minimalism coexist in perfect balance.

INTERNAL LAYOUT

The estate comprises several independent buildings, each thoughtfully restored and designed to offer exceptional comfort, privacy and functionality.

The Monastery (main residence) unfolds across multiple levels and offers elegant reception spaces, refined living areas and luxurious private quarters.

On the ground floor, the entrance leads to an impressive formal dining room with a grand fireplace, a spacious and beautifully designed kitchen with adjoining outdoor dining area, a living room, guest cloakroom, and an additional sitting room or guest bedroom with en-

suite bathroom.

The first floor hosts a generous living room with open fireplace, a library/study and a double bedroom with en-suite bathroom.

The second floor is entirely dedicated to the magnificent principal suite, complete with dressing room, en-suite bathroom and a large private terrace overlooking the surrounding landscape.

The third floor features an expansive living/TV room with a small kitchen, ideal as an additional entertaining or relaxation area.

The basement level includes a sauna, a small gym, technical rooms, storage areas and a spacious garage equipped with EV charging facilities.

The Convent, restored with exceptional sensitivity to its original architecture, features an impressive open-plan living space on the ground floor, combining kitchen, dining and lounge areas beneath a spectacular 9-metre-high double-height stair tower, flooded with natural light. The upper floor accommodates two elegant bedrooms, each with its own en-suite bathroom.

Completing the estate is a beautifully designed Guesthouse, positioned to ensure total privacy and stunning views. It offers spacious living and dining areas, a modern open-plan kitchen and three beautifully appointed en-suite bedrooms distributed across different levels. A covered garage equipped with solar panels and an EV charging station further enhances practicality and sustainability.

A charming Pool House includes a kitchenette, shower room, changing facilities and laundry area, perfectly serving the magnificent travertine-lined swimming pool and outdoor entertaining spaces.

A derelict building of about 450 sqm, set a part for the rest of the other buildings, can be restored into another majestic residence.

STATE AND FINISHES

Every building has been restored with extraordinary attention to detail, preserving the estate's authentic historical character while introducing contemporary comforts of the highest standard.

The interiors feature a refined palette of timeless materials, including exposed chestnut beams, smooth Florentine pietra serena flooring, Roman travertine, handcrafted finishes and elegant plaster walls that create an atmosphere of understated sophistication.

State-of-the-art kitchens, luxurious bathrooms and bespoke fittings have been carefully selected throughout. Underfloor heating is present across the estate, while cooling systems ensure year-round comfort. A wood-fuelled heating system provides an additional sustainable energy source, reinforcing the property's efficiency and self-sufficiency.

The lighting design has been meticulously curated, particularly in the evening, enhancing the estate's architectural beauty and creating a truly magical atmosphere.

OUTDOOR SPACES

The property extends across a beautifully landscaped, fully fenced and gated estate surrounded by approximately 80 hectares of private woodland, ensuring complete privacy and an unparalleled connection with nature.

The grounds include a charming lake, extensive gardens with fruit trees, approximately 119 olive trees, peaceful walking paths and a unique mini amphitheatre for private performances or gatherings.

A beautifully restored original chapel, now used for intimate recitals, further enriches the estate's historical significance.

An enchanting pathway through the Monk's Garden leads to the spectacular 5 x 15 metre panoramic swimming pool, perfectly positioned to maximise breathtaking views across the surrounding countryside. The pool area features expansive travertine terraces, pergola-covered dining areas and elegant spaces dedicated to relaxation and refined al fresco living.

Throughout the estate, multiple terraces and outdoor entertaining areas create an exceptional lifestyle immersed in beauty, silence and total tranquillity.

A further remarkable feature of the property is the presence of natural water springs and a private well, ensuring an exceptional level of independence and sustainability for the estate.

USE AND POTENTIAL

Unique in its kind, this extraordinary estate represents a rare opportunity to acquire a truly exceptional architectural residence where history, privacy and contemporary design merge seamlessly.

Perfect as an exclusive private residence, luxury retreat or prestigious hospitality project, the property offers an unparalleled lifestyle experience in one of the most enchanting and unspoiled locations in Italy.
